

PRODUCT RANGE OVERVIEW

A2Z Laundry Solutions is a reputed name for complete laundry solutions, which believe in giving end to end solutions to bring sustainable profit to our customers. We differentiate ourselves from not being just suppliers and distributors of machines and equipment like rest of the companies in market but we are total solution providers for all small and big, simple and complex, requirements of our customers.

Our hundreds of delighted clients includes laundromats, drycleaners, hotels, hospitals, salons, nursing homes, prisons, defence establishments, care centers, hotels, salons, university & colleges and government & private institutions. Successfully A2Z Laundry Solutions was established in 2010, after contributing in many laundry projects through its founders & promoters. A2Z has a legacy of innovation & out of box thinking and we brought the concept of fusion of laundry business with other business verticals in India.

First Laundromat Café of India was started by us in New Delhi in 2011. We have major contribution in shaping the present format of laundry business in India. We in A2Z Laundry believe in providing best, latest futuristic & commercially viable technology to our customers which enables them to be diverse & stand above their business counter- parts who are still stuck with traditional ways of doing business, (misguided) guided by sales oriented suppliers of machines.

Under our drive to provide cutting edge technology to our clients, we have partnered with best of its class global companies & renowned brands. We are partners with Danube International-France, Pony SPA-Italy, Electrolux-Sweden, BOWE-Germany, Kreussler-Germany, CleanCloud-UK, Artmecc-Italy, Hydro-systems-USA, LG-South Korea ,QH-China et.al. in India for sales, distribution & services for entire India & neighbouring countries.

Being a company of technology, we take utmost care of environment and promote product which are of green & helps to save the environment by using less water and least possible energy. We believe that it is our joint responsibility to save the nature & mother earth. Our expert team is committed to keep you years ahead in your laundry business.
